ABOUT

ABOUT CANstruction® Long Beach

Organized annually by terri henry marketing, CANstruction Long Beach is a unique event that encourages friendly competition between local leading architects and engineers and showcases colossal structures made entirely out of full cans of food and other non-perishable packaged food. After the structures are built, the creations are on display to the public as a giant art exhibition. At the end of the event, all food is donated to Food Finders food rescue organization, who distributes it to local hunger relief organizations in Long Beach. 2020 marks the 7th year of creating art to benefit those struggling with food insecurity in our community. For more information, visit www.CANstructionLongBeach.org.

CANstruction Long Beach

7th Annual Event May 28 - June 7, 2020

Open to the public. No tickets or passes required

Build day Thursday, May 28th, 8am - 8pm

The structures will be on display through June 7th, then are "DE-CANstructed by Food Finders volunteers on June 8th and delivered to Food Finders warehouse for distribution to local agencies that service the food insecure.

Hunger FAQ

1 in 8 of our neighbors in the Long Beach community struggle with food insecurity, meaning they don't know where their next meal is coming from.

The majority of those struggling with food insecurity are children and seniors.

Kids that struggle with food insecurity also struggle academically. They are more likely to make mistakes, have difficulty remembering things and are more likely to be held back in school.

Seniors on limited incomes are sometimes forced to choose between food and medicine or other necessities.

23% of students within the Cal State system experience food insecurity while in college. 10% experience homelessness.
